Voter Protection

The Miami-Dade Voter Protection Team is looking for lawyers, activists, problem-solvers, and anyone who is up to joining the fight to protect the vote. This organization has many roles to fill that do not require in-person volunteering. Protecting the vote during the COVID-19 pandemic presents a series of challenges, and that voter protection volunteers may feel they cannot safely volunteer in polling locations or outside of polling locations. The Voter Protection Team seeks to ensure that every eligible voter can cast a ballot, and that every ballot cast will count.

Florida Immigrant Coalition

Immigrants in our country have to go a long way as aspiring Americans until they are treated fairly and equally as full members of our society. At Florida Immigrant Coalition, they advocate and support immigrant communities at every point in their journey seeking opportunities in this country: from undocumented to legalization; from permanent residency to citizenship. This volunteer opportunity will be a virtual citizenship drive. Volunteers will assist applicants applying for citizenship.
