BUILDING TRIAL SKILLS

Direct Mentoring • Constructive Critique • Expert Faculty • Actual Trial Setting

Practice and Perfect Essential Skills in a Simulated Trial Setting

Are you ready to step into a courtroom with the confidence and composure of a successful trial lawyer?

Do you want to be someone who is ready to handle every aspect of a trial?

If so, Building Trial Skills is for you.

OUR ADVOCACY INSTRUCTORS HELP YOU:

- make more effective openings and closings
- direct and cross to greater effect
- identify best practices for admitting and using exhibits
- utilize the right tactics to impeach and rehabilitate witnesses

In front of the camera, you'll perform each of these trial scenarios. On-the-spot video review allows you see and hear yourself the way jurors do. The program concludes with a full jury trial including a chance to talk with the jurors after their verdict. At all times during the program, you will receive constructive feedback so that you can improve your skills, which is one of the hallmarks of a NITA program. You'll return to your office empowered to make immediate use of everything you've learned.
