PROGRAM OVERVIEW

The NSU Law Mentoring Program (“Program”) includes the following:

- A group mentoring model and not the traditional 1:1 pairing of Mentor to Mentee.
- In-person meetings at NSU during the academic year bring all Mentors and Mentees together.
- A list of suggested activities organized by group to help Mentors discover opportunities to help Mentees achieve the learning outcomes for the Program.

The Mentoring Program Learning Outcomes By the end of the academic year, the Mentees should:

1. Plan for the transition from law student to lawyer, including time management skills and goal-setting;
2. Create and maintain a mentoring relationship with a colleague;
3. Understand strategies to manage: clients, cases, projects, and employees;
4. Practice preparation techniques in professional settings, such as meetings, hearings, depositions, trials, business transactions;
5. Prepare strategies to address novel situations as they arise in the business and practice of law.

Mentor/Mentee Practice Groups

On the Information & Group Registration Form, Mentors will select one Practice Group to join that is the most relevant group to their area of practice. Likewise, Mentees will select one Practice Group to join that best aligns with their area of interest.

At the scheduled in-person meetings at NSU, Mentors and Mentees will meet in their respective groups for the program event. This will enable group members to get to know one another better and plan for additional meetings.

The Program Director will maintain a spreadsheet by group listing the Mentors and Mentees names and contact information. Messages may be sent occasionally to Mentors and Mentees, keeping them informed about Program events and opportunities of interest to one or more Groups. Explanations of each Group are included on the Registration form.

The Groups are as follows:
