

"ILLiad: Managing Your Own ILLs."

What is ILLiad?

- ✚ ILLiad is a widely used inter-library loan management system used by NSU Libraries.
- ✚ For the library user, ILLiad is an interactive interface for placing, viewing, renewing, and cancelling ILL requests.

What are the advantages of ILLiad?

- ✚ ILLiad users never need to manually enter their personal contact or identification information.
 - Once logged-in, ILLiad populates all user fields automatically.
- ✚ Automatic e-mail notification system when requested item arrives
- ✚ "Open URL" feature from NSU digital databases pre-populates inter-library loan request form in ILLiad
 - When looking for articles in *Novacat* and NSU digital databases, users can select "find it" to access ILLiad when the article is not available in full print at NSU
- ✚ Users can view the current status of their inter-library requests by selecting "*View/Modify Outstanding Requests*"
- ✚ ILLiad users may renew or cancel ILLs on-line by selecting "*View/Renew Checked-out Items.*"
- ✚ For more information and to Login, See Inter-Library Loans Page:
