

CRIMINAL LAW AND PROCEDURE

SUBJECTS, OFFERINGS, FACULTY MEMBERS & CURRICULUM MAPPING

The following section is intended to serve as a helpful guide to the instructional offerings that are currently at the College of Law. Instructional offerings are sorted below into categories that represent the primary focus of those offerings, or a significant focus of the substance area covered. Some offerings may be listed in more than one category to assist students in fully understanding their content.

The following instructional offerings are currently approved at the NSU Shepard Broad College of Law. They are grouped into general subject matter areas and identify faculty members who teach in that area and who may be a good resource for discussing both these offerings further and the practice of law in these areas. Offerings in each area are grouped into three categories:

1. **Core Offerings**: basic offerings in the field that are intended to broadly prepare students for this area of law. They are not necessarily prerequisites for additional offerings.
2. **Advanced Offerings**: these instructional offerings go into more depth on specialized topics within this field or are specifically taught from a skills perspective in this field.
3. **Related Offerings**: these instructional offerings are primarily focused in a separate field but are highly relevant to practicing attorneys in this field.

Students Should Note the Following Information:

1. Students should consider taking some **core instructional offerings** in a field *before* branching out into advanced and related offerings. Many of these core offerings are prerequisites for other instructional offerings and students should check the descriptions for full information.
2. Instructional offerings that cover subjects that are tested on the multistate bar exam are marked with an **“MBE.”**
3. Instructional offerings that cover subjects that are tested on the Florida Bar exam portion are marked with an **“FB.”**
